

■ CrateJuice Colour-Code Palette — Sketch Legend

Colour	Hex Code	Represents	Usage Notes
Blue	#2196F3	Shapes / Layout Blocks	Structural containers, card frames, page zones.
Purple	#9C27B0	Functions / Logic / Scripts	Behavioural links, backend logic, flow lines.
Green	#4CAF50	Data / Inputs / Content Fields	Text fields, user data, editable content.
Orange	#FF9800	Interactive / Buttons / Triggers	Play, QR, upload, save, any click/drag element.
Red	#F44336	Errors / Alerts / Danger Zones	System warnings, breakpoints, 'don't touch' edges.
Yellow	#FFEB3B	Notes / Meta Comments	Design ideas, annotations, sticky-note thoughts.
Cyan	#00BCD4	Network / API / External Links	SoundCloud, Spotify, QR-sync or web fetch flows.
Pink	#E91E63	Audio / Music / Sonic Identity	Records, beats, waveforms, rhythm icons.
Grey	#9E9E9E	Neutral / Dividers / Shadows	Borders, scaffolding, balance tone.
White	#FAFAFA	Light Surfaces / Text Areas	Breathing space, contrast background.
Black	#212121	Text / Outline / Core Emphasis	Main labels, titles, readable anchors.

■ Use this palette when sketching CrateJuice designs — each colour represents a code element, ready to interpret into styling.
